## MESSAGE

Allied Health Professionals can be described as professions that provide a range of diagnostic, technical, therapeutic and support services in connection with health care which are distinct from other fields of health. Profession in Allied Health Services is a key component of health care delivery system. It works with care, competence, compassion, excellence and respect. Last decade, the world has witnessed an increase in the number of diseases and outbreaks among the population and that has raised the requirement of specialized clinics, hospitals, diagnostic centres to reach out to the population and provide quality healthcare. Manipur being predominantly inhabited by person belonging to below poverty line where most cannot afford to send their wards outside the state for pursuing the courses. So, today's healthcare system demands highly qualified, professionally trained and skilled Allied Health professionals to ensure sound results in the treatment of patients. In addition, there must be enough number of staff available in the health care settings in order to meet the minimum standards of care. In this regard, PC Allied Health Institute added a new stepping stone by establishing to introduce specialized Diploma and Degree Course Programs. I really appreciate the determined efforts of all members associated with the PC Allied Health Institute in any capability.

I assure my continuous help and support to the institute.

## MESSAGE

P.C. Allied Health Institute, Khongman Zone-II is one among those institutes which impart education and skill in the field of Allied Health Sciences in Manipur. I am very happy to learn that the institute is offering various courses from this year and is making a niche in the Allied Health Sciences. As allied health science having a unique distinction of running skilled courses in number of streams which shall develop human resources which is a great need of the society. I am confident to state that the institute is committed for transparency accessibility problem solving approach for the students and maintaining standards as per statutory bodies. The institute are putting their best effort to enhance the facilities, so that ambience of better learning is created.

To add to it, I believe that the institute shall set a benchmark for the Allied Health profession in the State as described by the institute's motto, "Study to Save Lives" to treat all the students alike with the best quality of impartment of education.

In the development of the institute, utmost assistance and support shall be given from my behalf.

Amakcham Devananda Singh

## MESSAGE

I must congratulate the Teaching and Non-teaching staffs of the P.C. Allied Health Institute for the wonderful care they are giving to the students. The attention to their growth, welfare and care is appreciated. Today, India is finding it very hard to meet the health care responsibilities of their population. It has become alarming regarding the complex and costly issue of imparting health education. Manipur due to its lack of resources has to realize that the people of Manipur are vulnerable to a host of communicable and chronic ailments and that our resources are woefully insufficient. Though sincere efforts are at hand, the dire situations requires the creative and compassionate participation of the private sector both on the hospital and the teaching side. The P.C. Allied Health Institute works to standards of perfection. The aim is not just to impart education in the field of allied health sciences but more importantly to instill in the students a sense of responsibility, industry and discipline-the key ingredients that will equip the future with the best allied health professionals. As a professional in the health profession, I am confident of the value of choosing P.C. Allied Health Institute for experience in allied health sciences which goes beyond mere knowledge of acquisition.

It gives me great pleasure to compliment the setting up of the P.C. Allied Health Institute in the private sector and earning a great name and fame in a short time period. I look forward to making you a part of the P.C. Allied Health Institute.

Dr. Thokchom Devaraj Singh

# PC ALLIED HEALTH INSTITUTE

## From the Desk of Managing Director

PC Allied Health Institute stands for a great vision and enlightened moment. The institute is serving a spring of knowledge, wisdom and light to provide the competent and skilled paramedical/allied health workers. Let me draw the attention to the facts, that we can achieve the objectives of education only if it is supplemented by character building of our young generation. They must have a clear sense of our history, cultural values and religious for Principals. This cannot be done by the institute alone. Parents and the society in general have to join hand with us. I am hopeful

that the dedication and hard work of the staffs, management teams of PC Allied Health Institute will really appears fruits in form of a compound well trained and has the knowledge of ethical value to uplift health care system.

PC Allied Health Institute aim is to think study study to serve lives and think social work with high flexibility and quickly response value innovation connect growth and future to elevate us from mediocrity to restrained excellence. So, join with us our mission.

Welcome Everyone

As everyone knows the department of Medical Education plays a pivotal role in developing Medical and Paramedical/ allied health services Personal to cater to the healths needs of the state and ensure the smooth functioning all Medical Colleges/ Allied Health Institute and attached teaching hospitals & well-furnished diagnostic centers.

## From the Desk of Additional Director

If anyone helped in saving a life, it would help him in living with more purpose, meaning and joy. This is an angelic and heroic profession as we have seen in the recent past of the global outbreak of Coronavirus and in recent years the patterns of Allied Health Sciences has changed significantly with the influx of new medications, increasing intensity of care, new technologies and emerging diseases. The communities served by the PC Allied Health Institute, Imphal continue to grow and an increasing number of people are looking at us to provide the Allied Health services they need. Public sector has been choked to its capacity, hence in this hour of need private sector is the true hope of the masses. Invoke of this public demand, the private sector has responded affirmatively and is delivering the best.

Our vision for Allied Health Institute is to provide safe, high quality, and to create a supportive and empowering work force for Allied Health Professionals. The ratio of Allied Health Professionals to the demand in the country is dangerously low. So, to overcome these difficulties the P.C. Allied Health Institute has been launched. As the old Allied Health sciences has been rejuvenated with and upgraded with various programs, the Institute will uphold this new trend in Allied Health Services.

I am confident that PC Allied Health Institute will march with rapid scientific & social development. This will support the future of our Allied Health professionals by offering new job options and comprehensive orientation and educational programs as well. We will be able to provide novice & experienced professionals with innovative project. As the Addl. Managing Director, P.C. Allied Health Institute, I'm committed to managing the education & training, protecting their honour & dignity, and improving the quality of Allied Health professionals. To each and every one of would be Allied Health Professionals, I want to say thank you for your commitment to the ailing community and to the Allied Health Profession. 'Here for you .... caring for you'

Wangkheirakpam Chenin Singh  
Additional Director, PCAHI

## From the Desk of Principal

**WE ARE AMBITIOUS ABOUT THE FUTURE – BOTH YOURS AND OURS”**

**“I’M DELIGHTED THAT YOU’RE CONSIDERING STUDYING IN THE PC ALLIED HEALTH INSTITUTE”**

It is a pleasure to welcome you to the PC Allied Health Institute, a progressive thinking of higher learning that meets your aspirations and prepares you for the future workplace. The learning methodology integrates multidisciplinary and interdisciplinary global pedagogy across and Para-Medical Sciences.

The Institute promotes creativity, innovation, provides opportunities for experimentation, critical analysis, rational thinking and learning by doing real work. We strive to achieve excellence in education with the objective to bring glory to our Nation. Our mission is to maintain a dynamic balance between theoretical knowledge and practical training, as also between professional ethics and technical expertise. To ensure the all-round development of our students, our goal is to provide avenues of growth in all aspects of one’s personality. In today’s world, globalization is swiftly mounting, bringing with it extended individual mobility; entrance to knowledge across borders; increased demand for higher education, growing universal investment; and increased needs continuing education. The time undoubtedly belongs to the men and women of potency and excellence in professional fields. The PC Allied Health Institute has been established to nurture and cultivate young minds in the pursuit of knowledge with the saying “Education is a leading out of what is already there in the pupil’s soul.”

I positively believe that for the freedom of individual development and Intellectual progress, Education is one of the Human Resource enlargement strategies, a potent tool for peaceful social transformation and for overall development and prosperity of any nation. It should be free from chains of ignorance, bigotry and baseless belief. Education is an essential catalog of human development. Committed to excellence, PC Allied Health Institute seeks to educate our students to be responsible, forward looking and creative citizens of the world so that they can start earning while learning and soon after completing their studies, they may be able to employ themselves gainfully either as self-employed or are well equipped and trained to get employment globally.
